

Travelling to Academia...

By CAR

Follow the directions on the enclosed map. We're only 5 mins from J25 of the M25.

When you arrive at Innova Park, Academia is the large silver and glass building in the top right hand corner of the business park marked Design Technology Centre. We share the building with Excitech. We are located in Core 3 on the left.

NOTE: Parking spaces are restricted so we have 2 visitor bays marked accordingly on the curb - D13 & D14. Please **only** use these or find space on the nearby road. You will need to display a Parking Permit on your dashboard when using the visitor bays. The road is unrestricted.

By TRAIN

The nearest station is Enfield Lock, which connects to Tottenham Hale Underground or Liverpool Street Mainline station.

It's a 10 minute walk from the station. Turn right onto Ordnance Road, then left into Tysoe Ave. You'll meet a mini-roundabout. On the far side of this, turn right and take the path running between the Broadview House flats and their car park. The path is a little hidden away, but you should see a silver fountain on your right with the business park ahead in the distance. Keep along the path until you come to the end to Kinetic Crescent. Turn left then immediately right into the car park. Academia is the silver building on your left.
